

# ARKANSAS GROWN

## JANUARY NEWSLETTER

“Arkansas farmers and ranchers are the backbone of our great state. As we move into a new year, the Arkansas Agriculture Department will continue to support our state’s producers through our Arkansas Grown, Arkansas Made, and Homegrown by Heroes programs. Purchasing Arkansas Grown, Arkansas Made, and Homegrown by Heroes products not only benefits individual producers but also provides meaningful support to local communities and local economies.”

-Wes Ward  
Secretary of Agriculture

## WHATS GROWING

**PAW PAWS PECANS** is a family owned and operated business where we see the pecans from the tree to the shelling machine to the customer.

Follow us on facebook and twitter.
